Following are the most common questions that COERR Staff have encountered in the camps:

1. If we cannot return to Myanmar or be resettled, can we stay in Thailand or not?

2. Does COERR have a plan to reduce support for us?

3. How much longer can we stay in the camp?

4. Will support from NGOs be reduced?

5. Can we apply for resettlement now?

6. In case we return and not feel safe, can we come back to the camp? And can we get the same status and UN number when we come back?

7. We hear about opening of applications for resettlement, can you confirm this?
